## SIDING / ROOFING RESTORATION

Siding and/or Roof Restoration allows an additional limit of coverage to be added for situations when repairs to siding or roofing require new materials because the current product is discontinued.

### **Optional Endorsement reads:**

*Following repairs from a covered loss, we will reimburse the insured for the cost to replace all of the undamaged siding and/or roofing of the insured's dwelling with materials of like kind and quality that are substantially similar to those materials used prior to the damage caused by a Peril We Insure Against.*

### **This coverage only applies to:**

- ▣ vinyl and aluminum siding, including soffit and fascia,  
(wooden siding, stucco, stone, brick and shaker shingles are not applicable).
- ▣ Composition Shingle Roofing

*This coverage will only apply if the same siding and/or roofing material is no longer available for the damaged portion of the covered dwelling. This coverage will not apply to mismatches caused solely by weathering, fading or wear and tear.*

Payment under this coverage will not be made until replacement of the siding and/or roofing is completed.
